YOUTH APPLICATION

Exploring is based on a unique and dynamic relationship between youth and the organizations in their communities. Local community organizations initiate a specific Explorer post or club by matching their people and program resources to the interests of young people in the community. The result is a program of activities that helps youth pursue their special interests, grow, and develop.

Explorer posts/clubs can specialize in a variety of career skills. Exploring programs are based upon five areas of emphasis: career opportunities, life skills, citizenship, character education, and leadership experience.
